

MARION BOY IN THE LIME LIGHT

D. B. Kevil Making Good in the
Rich Missouri Grain
Country.

D. B. Kevil, vice president and manager of the Sikes-McMullin Grain Company, of Sikeston, tells The Herald that his company has let the contract for three new grain elevators for McMullin, Essex and Kewanee. These new elevators will be constructed of concrete reinforced with steel. They will be fireproof and will be equipped with the most modern machinery for handling grain. Among the equipment will be an automatic scale with one thousand bushels per hour capacity, steel dump wagon, scales and gasoline engine for power.

The elevators will have a height of eighty feet each and a capacity of twenty thousand bushels of grain.

The Sikes-McMullin Grain Company operates fourteen grain stations, located in Scott and adjacent counties. The total storage capacity of the firms elevators and warehouses, when the new elevators are completed will be 400,000 bushels. The company in providing these elevators and adding other equipment are expending approximately \$40,000. This evidently is a good show of faith on their part in the material possibilities of this section of the State.

The grain company has also purchased the elevator operated by Garrett & Schnarr at Vanduser, Mo., and will at once remodel it and put it in first class condition for grain handling. New bins, new dump scales and new power equipment will be installed. When the improvement of this elevator is completed the company will have an additional storage capacity of eighteen thousand bushels of ear corn and ten thousand bushels of bulk grain. —Sikeston Herald.

PAINT ON THE FARM

Receipt for Whitewash Given by
County Agent Finley.

Realizing as I do the many advantages of whitewash or paint on the farm, I herewith submit a formula which has been used for many years and has proven satisfactory to many.

Half a bushel of unslacked lime; slake with warm water; cover during the process to keep in the steam; strain the liquid through a sieve or strainer; add a peck of salt previously well dissolved in water, three pounds of ground rice boiled to a thin paste and stir in boiling hot, half of pound of powdered Spanish whiting and a pound of glue which has been previously dissolved over a slow fire, and add five gallons of hot water to the mixture; stir well and let it stand for a few days keeping covered to exclude the dirt. It should be put on hot. One pint of the mixture properly applied will cover a square yard. Small brushes are best. There is nothing that can compare with it for outside or inside work, and it retains its brilliancy for years. Coloring matter may be put in and made any shade—Spanish brown, yellow ocre or common clay. (Reference: Farmer's Bulletin No. 474 entitled, Use of Paints on the Farm.)

A Civic Alphabet.

A—Abandon the care of your back yard and you pave the way for typhoid fever.

B—Better observe general "clean-up-day" this year than have cause for regret hereafter.

C—Civil improvement calls for the best effort of humanity.

D—Do your work well and disregard the critic.

E—Educate persons not to throw paper or trash on the streets, but to place it in receptacles.

F—Fire prevention saves life and property.

G—Good roads will add materially to the prosperity of our county.

H—Hearty co-operation of citizens and club members in work undertaken will effect wonderful results.

I—Improve school rooms and grounds so that they will be attractive to both children and citizens.

J—Join Civic Improvements Clubs. You are needed.

K—Knock on the unsightly bill board and continue to knock.

L—Lead a crusade for the city beautiful.

M—Make your club a factor in your town life.

O—On with Beauty, Cleanliness and Health.

P—Push, Pull and Perseverance will make our town a model. Plant a tree.

Q—Quit criticising and begin working.

R—Request the city authorities to enforce the sanitary laws.

S—See that your premises are above criticism.

T—The Tin Can Districts become germ breeders; banish them from your town.

U—Use every effort to have all eatables that are exposed for sale screened.

V—Vines and roses will beautify your premises.

Z—Zeal exhibited at the annual clean-up-day will put our town in a sanitary condition.

Press Employee Secures Good Position.

Malcolm (jitney) Dollar, who has been in the employ of the Crittenden Record-Press for the past several months, left Sunday afternoon for Crowley, La., to join the Redpath Chautauqua with whom he has secured a nice position, to travel this season. He secured the place which is a distinct promotion through the influence of Eugene Wilson, who is with the same division, and some other friends in Marion who recommended him highly. He starts with the best wishes of many friends here who hope and believe he will make good.

Another Marion Millionaire in the Embryo State.

L. E. Guess, county clerk of Crittenden county, has received letters patent on an automobile pump which will make him rich beyond the dreams of avarice. The patent will enable the driver to pump up any tire by manipulating a push button switch, each tire having a separate pump equipment. It will be a boon to autoists and will be used by all the great manufacturers of cars in the near future we predict.

Not Allowed to Sit on Jury.

Greenville, Ky., April 19.—The uncompromising attitude of Circuit Judge John S. Rhea toward the "Possum Hunters" who once infested Muhlenberg county, was demonstrated at Greenville Tuesday when Judge Rhea discharged Hugh Gish from the grand jury and instructed the other jurors to investigate Mr. Gish because the latter admitted that he had belonged to the "Possum Hunters." Girl Offers Services.

Columbus, Ohio, April 24.—Adjutant General Hugh has received a letter from Miss Ethel Hobson, West Mansfield, an eighteen-year-old girl, offering her service as a nurse in case of war. It was the first offer of service which has been received by state authorities from a girl or woman.

Hard to Tell Misfortune.

"One nice thing about life as I see it," says Congressman Edward J. Dr. L. E. Gilbert Pardoned By Governor.

Frankfort, Ky., April 22.—Dr. L. E. Gilbert, of Vanderburg, Webster county, fined \$75.00 and sentenced to ten days in jail with disfranchisement for two years for carrying concealed a deadly weapon, was pardoned today by Gov. Stanley and his disability removed.

According to the record Dr. Gilbert killed J. S. Johnson, who, with his son was advancing on Dr. Gilbert with a knife when the doctor took a revolver from his buggy and shot Johnson. He was acquitted on a charge of manslaughter and then was tried before a jury on a charge of carrying concealed a deadly weapon. The record states that he had not carried the weapon concealed.

A few days ago George Terrell, of Anderson county, walked into the post-office at Sparrow and asked Postmaster Mitchell if he had such a thing as a 2-cent stamp, explaining that he wanted to mail a letter and that he had been told that he would have to have a stamp. He said that he was 32 years old and that was the first stamp he had ever purchased and the first letter he had ever mailed.—Exchange.

Narcissus Field.

Morganfield, Ky., April 22.—Union county's memorial to her pioneer settlers will be unveiled the last week in April, for the white narcissus field blooms yearly as a tribute to the unknown men and women who came there long ago and tried to make their homes.

Seven miles from Morganfield, Ky., just off the old Sulphur Springs road, acres of blossoms stretch in an unbroken panorama.

Part of the road is rough and little used, for few people travel it except when the field blooms. The hills are white with dogwood and at the foot acres of blossoms stretch in unbroken white. The only break in the beautiful monotony is the pink of two crab apple trees.

And this is the story of the white narcissus field:

Years and years ago, when western Kentucky was a new country, some settlers chose this spot for their homes. They built log cabins and, because this was to be their home, they planted flowers, always a sure sign that civilization has come to stay. But the little colony failed and many of the pioneers died. They were buried there with no stones to mark their graves, but on each grave some one who loved them planted white narcissus. Later, when the land around was cultivated, the old burying ground was left untouched. For years the flowers have bloomed and spread and remembered those early dead. Now there is not a spot that is not covered with white blossoms. The field is a wonderful living memorial to the unknown men and those who loved them enough to plant flowers.

When the field blooms the rough little road has more travel than it knows all the rest of the year. Dozens of cars go each day, and leave massed with flowers. Boxes are sent all over the State, and all the hospitals are remembered. April and the white narcissus field will always remember those pioneers, and to be remembered by flowers is a beautiful memorial.—Henderson Gleaner.

Crittenden's Taxes Reduced.

L. E. Guess, County Court Clerk, and T. C. Bennett, County Attorney together with John G. Asher and C. G. Thompson, went to Frankfort on the 20th inst, to appear before the Equalization Board, in the interest of the tax payers of Crittenden county. The State Board having raised the assessment in Crittenden county, 6 and 8 per centum. Those gentlemen succeeded in getting a reduction of 3 per cent, on the real estate and personalty and 1 per cent on the town lots, reaching a flat rate of 5 per centum.

RELATIVES CELEBRATE BIRTHDAY

Of Robert D. Moore and All Enjoy
A Happy Reunion and wish
Him Many More.

On April 19th, 1916, at his residence in the Glendale vicinity, gathered a number of relatives to celebrate the 80th birthday of the venerable Robert D. Moore. He being the only survivor of the large family of the former Robert Moore of this county.

Regardless of his age and ill health of this year, the day seemed to be an uplift to him, and for the time, he seemed to take a new lease on life's borrowed time.

The day was enjoyed by all, as every means was used by his daughter, Miss Nannie, assisted by his daughters-in-law, to make the occasion a pleasant one.

At the noon hour all formalities being wholly discarded (for something better.) We entered heartily into a delicious "old time Kentucky dinner," which did credit to any modern social function.

The short hours of the afternoon were varied by music furnished by organ, victrola and laughter of an Easter egg party. The junior member of the party being the 4th Robt. Moore of the family notwithstanding his tender age of two summers, he manifested and created more interest than any other member engaged in the search.

Those present for the day, were Messrs. R. E., and R. C. Moore and families, Harvey J. and Miss Nannie, who resides with the father; two nieces, Mrs. Lummie Yates Clark and Miss Addie Franks; one nephew, Master Miller Hurley. Misses Mary and Sue Moore could not be present, being enroute to the K. E. A., in Louisville.

After good-byes had been said, each left for his respective home, wishing they might all have many happy returns of the day.—A Niece.

SHADY GROVE MAN

Narrowly Escapes Death While Fording Stream.

Princeton, Ky., April 24.—Everett McGregor, while returning to his home at Shady Grove from Princeton, attempted to cross what is known as Dunn's Creek, about three miles north of town. The creek was out of its banks and the swift current swept him, his wagon and team down stream for some distance, where they caught in some rubbish. Mr. McGregor extricated himself by catching hold of some limbs just as the rubbish gave way and carried the wagon and team about three-quarters of a mile farther down the stream. One of the mules drowned.

Notice To Voters of Fords Ferry Precinct, Crittenden County, Ky.

Notice is hereby given to the voters of the aforesaid precinct in said county and state that I will, on Monday, the 12th day of June 1916, the same being the regular June term of said Court, file in said court a petition asking for an order changing the voting place from Fords Ferry where it is now located to or near the junction of the roads near E. L. Franklin's place and Knights' store. W. H. Graves.

NO

The above question will be submitted to the legal voters of Crittenden County on Saturday, May 27th, 1916, pursuant to the order copied below. "Yes" is a vote in favor of issuing the bonds, and "No" is a vote against issuing the bonds.

Polls will be open at all voting precincts on Saturday, May 27th, 1916, from 6 a. m. to 4 p. m.

The Fiscal Court of Crittenden County has appointed, under the provisions of an Act of the General Assembly of Kentucky at its last session, the following named as commissioners, viz: W. B. Yandell, Forest Harris, O. S. Denny, Clarence Grady, G. T. Belt, E. L. Nunn, C. H. McConnell and W. E. Asbridge; said commissioners in the matter of the issue and sale of said bonds, and the expenditure of the proceeds thereof, to have the powers of, and to act in the place of, the Fiscal Court.

REMEMBER the day, Remember the question. Vote at your regular voting precinct.

D. E. GILLILAND,
Sheriff of Crittenden Co.

Order calling for an election in Crittenden County, Kentucky, on the question of issuing bonds for the purpose of building and re-constructing roads and bridges.

CRITTENDEN COUNTY COURT.
Regular Term, April 10th, 1916.
Hon. John G. Asher, P. J. C. C.

WHEREAS, on the 13th, day of March, 1916, a petition was lodged and filed with this court, as appears of record on the Order Book thereof, and

WHEREAS said petition asks that this Court call an election to be held in Crittenden County; on Saturday, the 27th, day of May, 1916, for the purpose of testing the sense of the voters of Crittenden County as to whether, or not, the Fiscal Court of said county shall have power and authority to issue and sell bonds from time to time in sums not to exceed One Hundred and Eighty-five Thousand (\$185,000.00) Dollars in the aggregate for the purpose of building, constructing and re-constructing public roads and bridges in Crittenden County, and

WHEREAS said petition was ordered to lie over until this date for action of this Court, and

WHEREAS the Court finds that the value of the taxable property of Crittenden County, including railroad, according to the last assessment roll, is \$3,783,537.00, and, from proof heard the Court finds that to be a fair

valuation of said property, and that 5% thereof will exceed the sum of the proposed One Hundred and Eighty-five Thousand Dollar (\$185,000.00) bond issue, and

WHEREAS, the said petition having been examined by the Court, the Court finds and adjudges that it is in proper form and, from his own knowledge and from proof heard, the Court finds and adjudges that same is signed by 187 legal voters, who are freeholders and residents of Crittenden County,

NOW Then, said petition is ordered filed, and it is filed, and it is further ordered and directed by the Court that an election be held at all of the voting precincts in Crittenden County on Saturday, May 27th, 1916, by the regular election officers in and for Crittenden County, for the purpose of testing the sense of the voters of Crittenden County as to whether or not the Fiscal Court of Crittenden County shall have power and authority to issue and sell bonds from time to time in a sum, or sums, not exceeding in the aggregate One Hundred and Eighty-five Thousand Dollars (\$185,000.00) for the purpose of building and constructing and re-constructing public roads and bridges in Crittenden County. Said bonds to bear interest not to exceed 5% per annum, with coupons attached payable semi-annually. Said bonds to be in denominations of not less than One Hundred Dollars (\$100.00) and not more than One Thousand Dollars (\$1,000.00) each to run not less than five nor more than thirty years, and to be redeemed within that time at the pleasure of the Fiscal Court, and to be sold at not less than Par Value and accrued interest; and D. E. Gilliland, sheriff of Crittenden County, will advertise said election, and the objects thereof, for at least thirty days next before the 27th, day of May 1916, in some newspaper having the largest circulation in said county, and he shall also advertise it by printed handbills posted up at not less than four public places in each voting precinct, and at the court house door. All legal voters shall be privileged to vote at said election, and L. E. Guess, Clerk of the Crittenden County court, is directed to have prepared a sufficient number of ballots for holding said election on which shall be printed the question

valuation of said property, and that 5% thereof will exceed the sum of the proposed One Hundred and Eighty-five Thousand Dollar (\$185,000.00) bond issue, and

"Are you in favor of issuing One Hundred and Eighty-five Thousand Dollars (\$185,000.00) in bonds for the purpose of building roads and bridges in Crittenden County, Kentucky?" as is provided in the General Election laws, Section 1459, Kentucky Statutes.

The sheriff of Crittenden County is ordered to have the polls open at all of the voting places and precincts of Crittenden County, on the 27th, day of May, 1916, for the purpose of holding said election.

It furthermore appearing that the Fiscal Court of Crittenden County has heretofore appointed, under the provisions of an Act of the General Assembly of Kentucky at its last session, the following named as commissioners, viz: W. B. Yandell, Forest Harris, O. S. Denny, Clarence Grady, G. T. Belt, E. L. Nunn, C. H. McConnell and W. E. Asbridge said commissioners in the matter of the issue and sale of said bonds and the expenditure of the proceeds thereof to have the powers of, and to act in the place of the Fiscal Court. It is therefore so ordered, and the sheriff is directed to incorporate the names of said commissioners, and the purpose of their appointment in the advertisement which he will make of said election.

This cause is now continued.
JOHN G. ASHER,
County Judge Crittenden County.

CLEAN UP AND PAINT UP

Every Person in This Town Ought to Help Movement.

Paint-Shy Materials Rot and Rust
While Dirt Causes Disease
in the Community.

FEW movements started in the United States have been so readily taken up as the Clean Up and Paint Up idea. A great deal of credit is due to the originators of this movement for it is a good work and worthy of the support of every man, woman and child in the country.

There is only one poor feature in regard to the movement and that is there are too many people who have not sufficient pride to keep up their property all the year, but wait for clean up time to do a year's cleaning and painting, the same as some people wait for "Go to church Sunday," never thinking that they could "Clean up" or "Go to church" at any other time than that designated by the promoters of civic improvements.

Although the Clean Up and Paint Up idea is still in its infancy, the movement has developed at a great rate during the past four years. Yet there are still many communities that would profit by joining in this good work. Ours is one of them.

Occasionally one meets a man who says: "I don't care whether the yard is clean or the sheds painted. I have to live here and it suits me." Such a man is wrong. It is not only an obligation that he owes his city, but it is an opportunity for him to show his good citizenship as well. Why not declare war upon all of the unsightly things and use soap and paint as ammunition?

Importance of Cleanliness.

The American people as a whole are lovers of beauty, whether natural or artificial. The attractiveness of homes and yards is just as important as the show places, such as the parks.

To make a truly beautiful town requires the cooperation of every inhabitant, so when the Clean Up and Paint Up week arrives in our town, do not close your doors and sleep through such a campaign.

The ways and means of promoting this movement differ in every locality. However, the fundamental requisites of every campaign are similar. It requires plenty of good soap and water, and plenty of good paint. The paint is essential and in buying your paint, buy a paint that will hold its color, stick to its job and preserve your buildings.

Paint in its various forms, including varnishes, stains, enamels, etc., will not only clean and beautify, but will also preserve whatever it covers.

The first thing on your property that is noticeable to the passer-by is the fence. If the fence appears slovenly, it detracts from the general appearance of the entire place. By using a little bright paint you can make it appear as good as new. But paint alone will not suffice. The weeds and high grass that always grow along the base of a fence must be controlled. When a person once sees how attractive his fence and lawn can be made with so little work, he will continue to take better care of his property. The same will apply to the sheds in the back yard. If the shed is painted and gives the appearance of being neat and clean, you will want to keep up your back yard in harmony with the sheds.

Paint Will Kill Germs.

Paint is one of the most sanitary products on the market. Hospitals, hotels, schoolhouses and large buildings are ever watchful for new means of making their buildings more sanitary. That is why they all use paint or varnish. Why should you not be just as particular in your home as hospitals are?

Think of these things when Clean Up and Paint Up time comes.

If the housewife cleans house, why shouldn't the town do the same? We little realize what quantities of rubbish will accumulate in a short length of time. Carelessness is a disease and is very contagious—the germs spread rapidly and the most careful are susceptible to it, once it gets its start.

Don't let your neighbor do it all. The people are the only ones who can make a spotless town. If every man would appoint himself a committee of one, with one object in view, and that to take care of his own property, by that we mean the alley back of his house and the street in front, and keep them free from all waste materials, it would not take long to change the appearance of the community.

The results would be so great that even the most sanguine would scarcely believe it. We should all profit by the activity. Act on the following rules:

Make your home attractive.
Keep it clean.
Keep it in repair.
Keep it healthful.
Keep it livable.
They are simple. A little done each day will make you happier, healthier and more content.

Vacant Lot Gardens.

One of our Clean Up and Paint Up campaign committees should get permission from owners to plant gardens on vacant lots. Then organize children's garden clubs, which are so successful in many cities, towns and villages throughout the country. Offer prizes for the best vegetables and summer flowers.

SKATERS ARE BLOWN INTO AN AUTOMOBILE

Baltimore Girl's Neck Broken In A Gale and Sister Badly Injured.

Baltimore, Md., April 25th.—A forty-mile-an-hour gale sweeping over Baltimore and Chesapeake Bay this afternoon and tonight did considerable damage. Sophie, 10, and her younger sister, Lillian, roller skating on Cross street, were blown into an automobile. Sophie's neck was broken and her sister badly hurt.

Several other persons were injured. A steel 110-foot smokestack at the Baltimore Dry Dock Company was blown down, breaking through the roof of a dwelling and injuring William Decon and several other persons. The steamer Ellawood broke adrift and smashed into the Pennsylvania railroad piers, causing a damage of about \$11,000. Other vessels were blown from their moorings and several small bay boats were capsized. It is not known whether any lives were lost on the bay.

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless Chill Tonic is as valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

Erie Canal To Reopen May 15.

Buffalo, N. Y., April 25.—Although \$100,000 worth of repairs must be completed within a month, the Erie canal will be open for the season's traffic May 15, according to a statement made by Gen. W. W. Wotherspoon, State Superintendent of Public Works, here yesterday. Spring floods had caused considerable damage to the canal in the western and central divisions.

RUNNING HIM OUT OF TOWN

LET'S BE NEIGHBORLY

Spotless Town Means Happier and Healthier People.

We Should "Clean Up and Paint Up" This Community at Once to Protect Our Families.

NEIGHBORHOOD improvement is home improvement multiplied. It is the sum of all the efforts made to make houses look attractive and beautiful.

Neighborhood improvement illustrates the influence of a good deed well done. On a dingy street one householder starts to improve the appearance of his home. He keeps yard and house spick and span. He paints his house, fences and outbuildings. He plants grass, flowers and shrubbery. Soon his neighbors notice the improvement. They begin to clean up, paint up and green up. Within a few months the street is transformed.

It not only looks better, but it is better. People are happier and more neighborly. Property values have increased. Neighborhood improvement has worked a "before and after" change that is really wonderful.

One of the modern poets has been inspired by neighborhood improvement work in his own town to express himself in the following language:

Little beds of flowers,
Little cans of paint,
Make attractive neighborhoods
Out of those that ain't.

In many villages, towns and cities Clean Up and Paint Up effort has become popular in recent years. The immediate results have been a marked improvement in the appearance of the places in which they have been attempted.

In a certain western town one of the residence streets with a row of about fifteen houses was the shame of all the public-spirited citizens. Houses were greatly in need of repairs and paint. They looked bad and they kept looking worse every year. Finally one of the good citizens got an idea. He went to the owner of the house in the middle of the block.

"I want to make you a proposition," he said. "If you will permit me I will give you, without cost, all the paint necessary to paint your house if you will do the work."

The owner accepted the proposition and later the paint was delivered. The philanthropist exacted the promise that the owner would not tell any of his neighbors that the paint was a gift.

In the course of time the house was painted and the effect was marvelous to behold. Like a new house it stood among its dingy neighbors as conspicuous as a fairy in a minstrel show. The owners of the other houses noticed the contrast. They saw how miserably poor the newly painted house made theirs look. One after the other they went to the stores and ordered paint. During that season every one of the fifteen houses was painted and the premises cleaned and the street became one of the best looking in town.

That is what was accomplished when one man started to improve his house. If whole neighborhoods, street by street, should start to improve in our town what a tremendous difference it would make in the appearance of this community. Let's get together and try it.

CLEAN UP AND PAINT UP!

How to Start a Campaign That Will Produce Results in Our Town.

FIRST: Take your telephone in hand—get a half-dozen boosters together—"the fewer the quicker" you'll get started. Talk it over and before you part, agree upon a meeting to be held a day or two later—each of you agreeing to have present at that meeting other certain ones whose interest will be valuable, especially some public official and some physicians who can tell about the need of public and private cleanliness.

Second: When the meeting is called, organize at once. Select a chairman and other officers (we suggest enough vice chairmen to include every co-operating organization and interest), and instruct the new chairman to appoint all the chairmen of the various subcommittees within a day or two—these and the officers to constitute the general committee. There should be committees on co-operation, finance and publicity, one to provide wagons for rubbish collection, one to obtain the co-operation of the school children, and one to interest all merchants.

Adopt a resolution requesting the board of health to proclaim the opening of the Campaign for the Cleaning, Sanitation and Beautification of the town.

Adjourn, after fixing date for a Get-to-Work meeting a few days later, which all these chairmen and members of their committees will attend to plan their work.

Third: Write to Chairman Allen W. Clark of the National "Clean Up and Paint Up" campaign bureau, Kinloch building, St. Louis, Mo., and get free literature telling how to clean up and paint up the town, together with reports of results in cities, towns and villages throughout the country.

Fourth: Get as many men and women as possible to WORK, each at some specific thing. Don't make the mistake of heaping upon one willing and patient enthusiast all the detail and responsibility of this work. Committees to do specific work, and chairmen who will think and work and inspire suggestions and zeal among the members of their committees, are essential.

You'll want enough committees to put everybody to work; but not too many committees to complicate and confuse. Select a half dozen or more for specific work, and do well that specific work.

TIME TO CLEAN UP HERE

Let Us Win the "Spotless Town" Title for Ourselves.

Officials, Business Men, Women and Others Will Work to Make Place Inviting and Healthful.

Our town ought to have a cleaning such as has never been known here before. The alleys, the lots, the buildings, the homes, in fact, all parts of the place should undergo general renovation. When it is all over we should be able to give it the title of "Spotless Town." Let us get together and start something.

The housewife should get to her spring housecleaning. Mr. Hubby should be beating the carpets. It's the time to Clean Up and Paint Up.

In other communities North, South, East and West, the Clean Up and Paint Up period has always been a big success. For that reason under the present activity and growth, our town should be able to show results that will compare favorably with other communities. The business men will show an interest in the movement and will lend support in any way possible to aid in the cleaning up. They think the Clean Up and Paint Up movement is a mighty good one, not only to advertise, but to make the town attractive for the visitor.

A woman in Bay City, Mich., where the Clean Up and Paint Up campaign was a big event last year, became dis-

gruntled because she had worked diligently all week cleaning her own premises while her next-door neighbor refused to touch even a weed. Toward the end of the campaign this woman saw her next-door neighbor go downtown, leaving the cluttered-up premises behind.

Taking three other neighbors with her, the woman went next door and "cleaned up." Even the weeds were dug out of the grass before the resident returned from downtown. And when she did, there was a neighborhood row. Mrs. Next-door declared the others had no right to clean up her premises. But in the end, the street and the neighborhood was better for it. This year Mrs. N—probably will Clean Up and Paint Up voluntarily—and gladly.

Only one example, yet this little example was heralded in many weekly magazines and some of the big newspapers, giving Bay City more publicity in one day than might have been earned otherwise in twenty years.

The civic league, the Federation of Woman's Clubs, the Boy Scouts, the board of health, the city council and many other civic and official organizations stand behind the movement in practically every city and town in the United States.

Get Rid of Weeds.

In connection with the Clean Up and Paint Up campaign in this community it has been wisely suggested that we take steps to remedy the unsightliness of weed-grown vacant lots all over town. There is no reason why it cannot be done.

DON'T GO TO BED WITH COLD FEET

Says: "Often Brings on Attacks of Acute Rheumatism."

An ounce of prevention is worth a pound of cure, and people who are subject to attacks of rheumatism should never go to bed with cold feet.

A whole lot is being said about taking salts and effervescent tablets for rheumatism and sciatica, but those who suffer sharp twinges and painful swollen joints need something powerful to overcome their piteous suffering.

Any broad-minded druggist will tell you that one-half teaspoonful of Rheuma taken once a day is driving more rheumatism out of afflicted people than all the salts on earth. Right in this neighborhood James H. Orme, and all druggists sell large quantities of it, and it's the surest and most inexpensive remedy—about 50c a bottle. 12

Americans Arrested And Deprived of Arms.

Presidio, Texas, April 24.—Four Americans who rode a few miles across the border from here today for the purpose of taking pictures, were arrested by Mexican soldiers and their arms consisting of a revolver, a shotgun and a rifle, were taken from them. They were then released.

There are persistent reports here that a revolt was attempted in the garrison at Ojinaga, but that it was suppressed by Col. Riojas, the commander. The Mexican officials refuse to discuss the matter.

Mack Says Bryan; Solid Party, Will Back Wilson

New York, April 24.—Norman E. Mack, Democratic national committee chairman, declared that the Democrats will present a solid front for Wilson in the campaign and that Bryan will support the president.

"There may be some discussion of the platform planks at St. Louis," said Mack, "but that will be a minor matter. I think that Hughes or Roosevelt—more probably Hughes—will be nominated by the Republicans, and either one of them will be satisfactory to the Democrats. In any event Wilson will be elected."

Crittenden Circuit Court, March Term 1916.

By virtue of a judgment and order of sale of the Crittenden Circuit Court rendered at the March term 1916 in a suit therein pending, I shall proceed to offer for sale at the Court House door in Marion, Ky., to the highest and best bidder, at public auction, on Monday the 8th day of May, 1916, at 1 o'clock, P. M., or thereabouts, it being County Court Day, the following described property to-wit:

A certain tract or parcel of land in Crittenden county, Ky., and containing 95 acres, more or less, and known as the Emeline Turk farm, and being the same land which was conveyed to Emeline Turk by E. E. Dollar and was on the 5th day of March, 1913, conveyed by will from Emeline Turk to Dora F. Travis. For further description see Deed Book W., Page 145, in Clerk's office Crittenden County Court.

This property will be sold on a credit of six months purchaser to give bond with approved security, with a lien retained on the land for purchase money and bond having effect of a judgment upon which execution may issue. Said bonds bearing legal interest from date of sale until paid.

Bidders will be prepared to comply with these terms.

D. A. LOWRY, Commissioner Crittenden Circuit Court.

GLENDALE

Silas Todd and family, Clarence Thompson, of Sheridan; John Belt and family, Rance Westmoreland and family, of near Deer Creek; and George Gass and family, of near the Colon, attended preaching here Saturday night.

Miss Ava Fritts, of the Crittenden Springs, was the guest of Misses Myrtle and Lonnie Thomas one day last week.

At this writing Misses Mary Moore and Mary Hurley expect to attend the Kentucky Educational Association at Louisville this week.

Kelley Jennings, of Piney Fork section, attended Sunday school here last Sunday.

James Barnes, of Tolu, has moved to his farm bought of Robert Brown. The farm is known as the widow Jane Flannery farm. We welcome Mr. Barnes and his family to our neighborhood.

Will Moore and son, Douglas Earl, and sister, Miss Cora, have recently had the mumps.

Mrs. P. C. Moore is not improving as her friends would like for her to do.

Bro. Martin was the guest of W. M. Hurley while in our neighborhood.

The Misses McConnells, of near Hurricane, were guests of their aunt, Miss Ruth Enoch, Sunday.

J. B. White was in Louisville two days last week on business for the Eclipse Mining Co.

We do not understand why farmers are opposed to road tax. It seems that it is the only way we will ever have good roads, and to have good roads would certainly be a great saving on teams and vehicles to say nothing of the comfort of the people in traveling.

Rheumatic Pain Stopped

The drawing of muscles, the soreness, stiffness and agonizing pain of Rheumatism quickly yield to Sloan's Liniment. It stimulates circulation to the painful part. Just apply as directed to the sore spots. In a short time the pain gives way to a tingling sensation of comfort and warmth. Here's proof -- "I have had wonderful relief since I used your Liniment on my knee. To think one application gave me relief. Sorry I haven't space to tell you the history. Thanking you for what your remedy has done for me." -- James S. Ferguson, Philada, Pa. Sloan's Liniment kills pain. 25c at Druggists. 3

Ten Commandments For Clean Up Campaign.

Love your neighbor's lot as you do your own, but be sure to love your own.

Don't plant tomato cans and rubbish on unused land. Their fruits are withered civic pride.

Don't allow yourself or your

city to create dumps. Waste can be made to pay for its own destruction at a profit.

Don't allow tumbled down buildings to stand on valuable land. They are financially wasteful. They create filth, invite vice and are a menace to life.

A fence that has ceased to be a fence and has become an offense should be repaired or destroyed.

Unregulated advertising on unused land pays for the maintenance of a public nuisance.

Two gardens may grow where one dump has bloomed before.

School gardens are valuable adjuncts to education and recreation. They can be cultivated on an open lot.

Let the children play on the unused land, so they may become strong and keep out of the hands of the law.

Let not an inch of land be kept in idleness. It has a divine right to bear fruit and flowers and ever serve the highest interest of man. --Sun.

Kearney Blue's Father, Will D. Blue, Dies at Clay.

W. D. Blue, of Clay, died at 10 o'clock last night after a lingering illness of Bright's disease. He formerly lived at Crider, but moved to Louisville about eight years ago where he resided for two years when he moved to Clay where he has since resided. His remains will be sent to Crider on the eleven o'clock train tomorrow. Funeral services will be held at the Cumberland Presbyterian church at 12 o'clock, and burial will take place at Bethlehem.

He is survived by one daughter, Mrs. Henry W. Davis, of Mississippi, and one son, Kearney Blue, of Clay. --Princeton Leader.

COMMISSIONER'S SALE

Crittenden Circuit Court, Kentucky.

H. KOLTINSKY, Plf. against I. S. D. SPURR, Dfts. and H. A. HAYNES

By virtue of a judgment and order of sale of the Crittenden Circuit Court, rendered at the Nov. term thereof, 1915, in the above cause for the sum of about \$95.00 with interest at the rate of 8 per cent. per annum from the 12th day of Feb. 1911, until paid, and about \$35.00 costs herein, I shall proceed to offer for sale at the Court house door in Marion to the highest bidder, at PUBLIC AUCTION, on Monday, the 8th day of May, 1916, at One o'clock P. M., or thereabouts, (being Court day), upon a credit of six months, the following described property to-wit:

A certain tract or parcel of land in Crittenden county, Ky., and near Pleasant Hill church, and bounded as follows: Beginning in the spring branch, corner to Robert M. Young, now Allen, thence N. 52 1/2 W. 95 poles to a swamp oak; thence S. 24 1/2 W. 76 poles to a small hickory and elm; thence S. 53 E. 19 1/2 poles to the spring, beginning corner to the R. M. Young piece of land; thence down said spring branch to the beginning containing about 48 acres, less a small piece reserved now as the school spot or about one-half acre; also a small piece heretofore conveyed to the school house.

Or sufficient thereof to produce the sums of money so ordered to be made. For the purchase price the purchaser, with approved security or securities, must execute Bond, bearing legal interest from the day of sale until paid, and having the force and effect of a Judgment. Bidders will be prepared to comply promptly with these terms.

D. A. LOWRY, Commissioner.

Col. R. E. Cooper Is Strong for Good Roads.

Col. R. E. Copper, of Hopkinsville, is taking an active part in the good roads bond issue election in Todd county and delivered a strong address a few days since in which he gave many reasons why good roads should be built throughout Kentucky. The Todd County Times, which published Col. Cooper's address in full, is also taking an active part in the election and says as follows: "The Times doesn't fall out with the opponents of the bond issue. Far be it from

such. Far be it from such! On the contrary, we wish to help them, in spite of the fact that they don't, or won't help themselves, to get out of the mud and enjoy life." --Leader.

New Fortress For Great Britain In The Far East

Apolima, the smallest Samoan island and one of those taken from Germany by the British, will be fortified by the latter into an impregnable work, its natural configuration as an extinct volcano readily lending itself to that purpose. The inhabitants will receive land on another island.

Hauls up Molten Mass of Old Gold And Silver.

Paducah, Ky., April 24--While dragging for mussel shells in the Tennessee river near Johnsonville, Tenn., John Hysmith, Metropolis, Ill., owner of several mussel shell boats, caught a large chunk of what proved to be a mass of gold and silver, which had been melted and run together. Experts who have examined the metal are of the opinion that it is a part of a lot of gold and silver lost when more than twenty-seven gunboats were lost at Johnsonville during the Civil war, more than fifty years ago. Hysmith shipped the metal to Metropolis, where it is on exhibition in the National State Bank. It weighed ten pounds and is worth several hundred dollars.

Robert Matthews, of Paducah, visited his parents, Mr. and Mrs. J. A. Matthews, Saturday and Sunday.

Mrs. T. E. Guess, who is visiting her mother, Mrs. Rose Mayes, of this vicinity, was the guest of her father-in-law, Jno. Guess, of Lyon county, last week.

Durron Koon, G. L. Lott and W. N. Linzey, were in Kuttawa Tuesday.

Mr. and Mrs. W. E. Asbridge and daughter visited J. A. Matthews and family Sunday.

The singing school at this place is progressing nicely with J. R. Sutherland, of Marion, as teacher.

Miss Lora Johnson, who has been the guest of Mrs. Rose Mayes for some time, returned to her home last Saturday. --Touch-Me-Not.

What's The Answer?

A gentleman who had been fishing was asked how many fish he caught. He replied: "If to the number of books in the Old Testament you add the number of books in the New Testament, multiply that by the number of apostles who were present at the Transfiguration of Christ, divide by number of books written by Luke, subtract number of times the Israelites went around Jericho; multiply by number of pieces of silver Judas received for betraying the Savior; Divide by number of spies Moses sent to Canaan; add number of letters in the name of the city where a man climbed up a tree to see Christ, and divide by number of Apostles who were called the sons of thunder, the answer will be the number of fish caught." How many did he catch? --Ex.

Teach Your Children the Power of Saving.

A writer in the May Woman's Home Companion says: "Parents can put into the hands of children simple tables showing the growing power of savings which are kept invested. It isn't hard to demonstrate, for instance, that by saving one dollar a year and keeping it and its accumulated interest at the rate of five per cent. invested the saver will have:

\$13.21 in ten years;
\$22.66 in fifteen years;
\$34.72 in twenty years.

"So on, until the total of the saving of a dollar a year and the investment and reinvestment of interest on the savings, will rise at the end of forty years, to \$126.84--more than three times the amount actually put aside."

Card Of Thanks.

We wish to express our sincerest thanks to our many friends whose assistance and sympathy did so much for us during the recent illness and death of our companion and father, S. H. Franklin. It was your kindness that revealed the sunlight through the dark cloud.

We wish also to thank all those friends who kindly ministered to our beloved husband and father. May God's richest blessings rest upon each and every one of our prayer.

FORCE WOMAN TO WIPE POWDER FROM HER FACE

Munich Police Censoring Women's Dress Regarded As Conspicuous.

Berlin, April 25.--What is being characterized as a recrudescence of the spirit of the blue laws is observed in some German cities. In Munich the police have been authorized to act as censors of women's dress and have been ordered to arrest all women who are dressed too conspicuously.

The first victim of these instructions was a young woman who was on her way to meet an officer. She was taken to a police station and compelled according to the newspaper reports, to wipe the powder and rouge from her face before being permitted to leave the station.

In Leipzig prescriptions regarding boys and girls under 18 years of age are being enforced. They are forbidden to enter restaurants and saloons except when accompanied by adults, and they may attend moving picture exhibitions only when special programmes for juveniles are given and they must keep off of the streets after 10 o'clock at night.

MOTHER NATURE MAKES HER GIFT

Compounds in Her Laboratory Ingredients for the Master Medicine, Tanlac.

Of all the ailments that afflict humanity, chronic dyspepsia probably is the most common. Its causes and characterizations are many. Skilled specialists have been unable to cope with this almost universal malady, but Mother Nature, who, after all, is the ideal physician, in combination with skill in chemistry, has compounded in her inexhaustible laboratory a marvelous remedy for this trouble.

A lecturer would use hours to describe the sufferings that dyspepsia brings. Dyspeptics become listless, then morbid, are melancholy over little things, have whimsical ideas, perhaps "grouchy" is a better word, aside from the nervous physical suffering, and, with appetite gone, sleep fitful, dizzy spells and nausea frequent, life hardly seems worth living.

Tanlac seems almost instantly check this distressing condition, and to restore a healthy, normal appetite, bring good, restful sleep, and banish that tired, nervous feeling—in short, to restore the stomach to the habit of doing a full day's work and doing it well.

Tanlac is now being introduced in Marion at the J. H. Orme drug store, where it is being explained daily to scores of men and women.

Tanlac may be obtained in the following nearby towns:

Blackford, A. T. Brown; Wheatcroft, Hardin Pharmacy; Clay, Kearney blue; Providence, R. G. Baynham; Sturgis, Meacham & King; Caseyville, W. E. Ames; Fredonia, W. E. Cox; Crider, L. W. Guess; Princeton, Wylie & Walker.

Heiress Breaks Spine.

As a result of a dive into three feet of water on March 27th, at Port Antonio, Jamaica, Miss Marjorie Chase, daughter of Irvine S. Chase, millionaire clock manufacturer of Waterbury, Conn., is now in Polyclinic hospital, New York, encased in a plaster cast from her hips to her chin. One of the upper vertebrae of Miss Chase's spine is fractured and this treatment was resorted to as the only one to avert paralysis. She was brought from Jamaica, strapped to a couch. Physicians at the hospital hold out hopes for her recovery. —Ex.

BELLMONT

Delayed from last week.

Mrs. Grace Johnson and little daughter, of Marion, were the guest of her father, James Wigginton, the weekend Jim Paris and family, of Midway, visited Fred Crayne and family Sunday.

Bill Echridge and Mettie Willoughby were united in marriage a few days ago. They will stay with his father and make a crop this year.

Fred Crayne was seen going around hatless the other day. On being asked why he didn't put on his hat? He remarked "It was too little." Of course we guessed the reason, for you can pass his house after ten o'clock p. m., and see him sitting in a large willow rocker singing "It's Papa's Darling, Yes, It's Papa's Little Daughter," who arrived April 13th, and was christened "Era."

Mrs. Elmyr Boucher and daughter, Anna Blondel, visited in this community Saturday.

Mrs. Sherman Crayne visited her sister, Mrs. Ed Crayne, Thursday and Friday.

WOMEN HELP TOWNS TO CLEAN UP AND PAINT UP

They Have Done Much to Make National Campaign for Civic Betterment Successful Everywhere.

THE United States is entering upon an era of vastly improved living conditions, both physical and moral, due almost entirely to the efforts of women workers in the National "Clean Up and Paint Up" campaign, according to Allen W. Clark, chairman of the national campaign bureau, in St. Louis.

It is estimated that during 1915 more than a million women took part in the campaign for civic progress and human uplift which brightened the lives and homes of millions from Bangor, Me., to San Diego, Cal. "The growth and development of the national 'Clean Up and Paint Up' campaign, has been in leaps and bounds since its inauguration," he said.

Individual women, women's clubs and women's organizations of all kinds for civic and moral improvement have joined forces in this great work which reaches into practically every phase of life. Letters have poured in by the thousand at the bureau headquarters from women inquiring how to start the work in their communities. Many of these indicated that the old-fashioned "parlor" variety of woman civic worker was dying a sure and natural death, and that serious-minded women were coming to realize more and more every day the big work that is before them.

Women Led the Way. "I don't believe we realized the far-reaching extent of the work we had undertaken until the women showed us," said Mr. Clark. "The permanent features of the 'Clean Up and Paint Up' idea, were what seemed to gain their immediate endorsement. Their old idea of a spring housecleaning, which I believe, originated in New England, seems to have been dropped entirely, and the women's organizations of the New England states are among the very hardest workers for an all-year-round policy."

It would be an impossible task to name in person even a small percentage of the women who have done active and efficient work since the national bureau inaugurated its system in the spring of 1913. Some few of them, however, are such women as Mrs. Clarence Baxter of Kirksville, Mo., vice chairman of the civics department of the National Federation of Women's clubs; Mrs. E. T. Senesey, chairman of the pure food committee of the Consumers' league of St. Louis; Mrs. W. R. Chivvis, president of the Missouri Federation of Women's clubs; Mrs. Philip N. Moore of St. Louis, past president of the National Federation of Women's clubs, and Mrs. Thomas Sherwin, chairman of the department of streets and alleys of the Women's Municipal league of Boston.

Much Work This Year. The work of the bureau as planned for this year will be more comprehensive in its scope than before. It will include everything that will beautify, improve sanitation and tend to the health of the community. Some of the things to be done are the cleaning of streets, alleys, front and back yards, cellars and stables, removal of ashes, carting away of tin cans and all rubbish from vacant lots, burning or hauling away all garbage, filling in or

doing away with breeding places of mosquitoes, flies or disease germs, the planting and trimming of trees and hedges, planting of flowers, and the liberal use of paint on everything that needs it.

In many instances last year the planning and superintending of the work has put entirely in the hands of some efficient women's organization in the city or town. The files at the national "Clean Up and Paint Up" campaign headquarters in St. Louis are full of records of such cases. Assistance in starting a campaign in any community in the United States will be given free of charge by the national bureau, Mr. Clark explained, upon receipt of a request from any woman or women's organization. Aid can also be secured from Mrs. Clarence Baxter, chairman of the Women's committee of the national bureau, or from any of the other civic leaders constituting the bureau's advisory committee.

Be Perpetually at It. Mrs. Baxter and Mrs. Senesey are helping women's clubs everywhere to accomplish in their towns what was accomplished in St. Louis last year. The women's clubs conducted the entire campaign in St. Louis, Boston and many smaller cities last year and in thousands of other places they are aiding the men effectively. The "opening weeks" in many places will be only the beginning of perpetual "Clean Up and Paint Up" campaigns. "They will be of immense value," wrote Mrs. Baxter recently, "in arousing civic consciousness in practical sanitation and conservation and in actual business activity in the community. Many people spend hundreds of dollars furnishing their homes and only an occasional caller gets to admire them. A much smaller amount spent on a coat of paint for the exterior, a general cleaning up of the premises and a few flowers would give pleasure to thousands of passers-by and their friends as well."

Both of these women are in daily correspondence with leading club women, in several thousand women's clubs, in the effort to make the local "Clean Up and Paint Up" campaigns the foundation upon which to build and conduct various other community betterment activities in which serious-minded club women everywhere are so interested.

Newspapers Give Help. Editors of newspapers from coast to coast have taken up this work of the women and are aiding them in both the news and editorial columns and most of them are unanimous in declaring that the chief value of the work is that it aims at permanent reform and continued effort.

Ministers are also aiding the women in their work by preaching appropriate sermons on civic cleanliness and kindred topics. The wife of one earnest, hard working clergyman in a southern town, in which the campaign was in progress, wrote in a letter to the national bureau that if more people were as sincere in their religion as they are in this "Clean Up and Paint Up" movement the world would be a much better place in which to live.

CLEAN UP AND PAINT UP.

FELLOW CITIZENS: Let us get together and make this town of ours the most healthful and most inviting in the State. To do this we must organize our forces, map out our plans and get to work. Other cities and towns throughout the United States are finding the efforts along these lines are bringing excellent results.

If we would have a healthful town we must clear our attics, cellars, stables, sheds, yards, streets, alleys and vacant lots of trash, dirt, junk, filth, garbage, rags, cans, bottles and weeds. We must empty toilets, cover manure heaps, drain barn lots, fill up mudholes and slimy, fill-smelling ponds, open gutters, repair streets and burn rubbish.

Then we must use soap and scrub brushes, brooms, rakes and shovels. We must throw lime freely about toilets and stables. Why? Because disease germs and germ-carrying insects, especially flies and mosquitoes, breed in filth and spread typhoid and consumption when they enter our living rooms, alight on our food, or bite us while we sleep.

After the dirt is gone we must repair our buildings and fix our fences—and then lay on the paint! Paint everything that needs it, inside and out, for paint is the best known preservative and its brightening influence will make the dulllest town in the world look spick and span.

Of course when we buy paint and lime we put money into the paint-dealer's and lime-dealer's pockets. But if we get sick and die the doctor, druggist, undertaker, sexton and tombstone man take our coin. Most folks would sooner spend theirs on paint and lime—take your choice.

Come on, now, folks. Let's call a meeting, form a Clean Up and Paint Up Club composed of men, women and children, and get on the job! The prize is worth it—health and happiness.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

NUMBER 22

WOODMEN OF THE WORLD

Meet in regular session on the 2nd and 4th, Monday Evenings in each month At seven o'clock.

S. H. RAMAGE, Clerk.

Securities Seized.

London, April 24.—Sir Edward Grey, the British foreign secretary, replying to a question in the House of Commons, confirmed the statement published last month, that the value of the securities intercepted by the British authorities in the letter post between Holland and the United States was £2,000,000 sterling. Protests, he added had been made by the neutral countries and discussion with them was proceeding.

Sir Edward said the securities taken from the letter post between Holland and the United States were seized on the ground that they were of German origin. They would be dealt with in the prize court in the same way as would other German exports.

Good Health Doubles the Value of Your Services

A half sick man is not worth half pay. A man or woman in poor health makes a poor leader, a poor sort of a parent.

The value of Peruna in the home can scarcely be estimated. It prevents many of the common ailments. It is an excellent remedy for coughs, colds, catarrh, grip, spring fever, tired-out feeling.

Sit down and think it over. See whether you can afford to go on half sick.

Some people prefer Peruna Tablets to the fluid Peruna.

Two Children Killed by Dyed Easter Eggs.

Indianapolis, April 24.—Herbert Myers, 4 years old, and his brother Roy, age 3, died late today a few minutes after they became ill from poison. Each of the boys ate some cheap and highly colored candy Easter eggs and these are thought to have contained the poison. Some of the eggs will be analyzed tomorrow and the coroner will perform an autopsy on the children's bodies.

German Fights With Four Officers.

New York, Apr. 24.—Wolf von Igle, secretary of Franz von Papen, formerly military attaché of the German embassy, was arrested here today in von Papen's former office after a fist fight with four agents of the Department of Justice. He was the fifth man indicted yesterday with von Papen on the charge of conspiracy to destroy the Welland canal. He was not subdued until revolutionaries were pointed at him. Then he declared he was on German territory and the United States had no right to invade it.

HUSBAND OBJECTS TO OPERATION

Wife Cured by Lydia E. Pinkham's Vegetable Compound

Des Moines, Iowa.—"Four years ago I was very sick and my life was nearly spent. The doctors stated that I would never get well without an operation and that without it I would not live one year. My husband objected to any operation and got me some of Lydia E. Pinkham's Vegetable Compound. I took it and commenced

to get better and am now well, am stout and able to do my own housework. I can recommend the Vegetable Compound to any woman who is sick and run down as a wonderful strength and health restorer. My husband says I would have been in my grave ere this if it had not been for my Vegetable Compound."—Mrs. BLANCHÉ JEFFERSON, 708 Lyon St., Des Moines, Iowa.

Before submitting to a surgical operation it is wise to try to build up the female system and cure its derangements with Lydia E. Pinkham's Vegetable Compound; it has saved many women from surgical operations.

A Practical Toast.

Petersburg, Ind., April 22.—In the city schools all pupils were

required to give a "toast," each selecting the subject. When his name was called, Lester Battle, walked up to the front carefully unwrapped a huge slice of bread beautifully browned and holding it aloft said: "Here's the staff of life—how I love thee," and as he started back to his seat, commencing devouring his toast. He won the prize.

BETTER ROADS AND STREETS

One of the most important and pressing matters with which Congress must deal at its present session is the subject of good roads. A month ago, or more, the "Shackleford Bill" passed the House by an overwhelming majority and was sent to the Senate. It carried no appropriation, but rather a maximum limitation to any appropriation of \$25,000,000 out of the general treasury to aid the States in the construction and maintenance of rural post roads, and was sent to the Senate for its consideration. There was something of a passing flurry in that body as to which committee the measure should be referred, which was amicably adjusted by reference from the Committee on Agriculture and Forestry to the Committee on Post Offices and Post Roads. That committee has completed its work and reported a bill very much like the House measure in its general terms, but different in important features from the House bill to such an extent as to make it, as it has been described by one of the experts who has made a lifetime study of this problem, "the best roads measure that has ever been proposed in the national legislature."

The Senate bill, which has been pressed with fine intelligence by Senator Bankhead, of Alabama, provides for the year ending June 30, 1917, an appropriation of \$5,000,000; for the year 1918, an appropriation of \$10,000,000; for the year 1919, an appropriation

of \$15,000,000; for the year 1920, an appropriation of \$20,000,000; and for the year 1921, an appropriation of \$25,000,000. The management, distribution, and expenditure of the appropriations so provided are to be entrusted to the Secretary of Agriculture, and conditions, clearly stated in the measure, which he is directed to require. These conditions, briefly stated, are to prevent the waste of the funds taken out of the Federal Treasury so that each dollar expended in the work of making good roads shall have a dollars worth of work to show for it. "The Secretary of Agriculture is authorized to co-operate with the States"; "The Secretary of Agriculture and the State Highway Department of each State shall agree upon the roads to be constructed therein and the character and method of construction." After making certain clearly stated deductions to cover the expense of administration from the funds provided by the United States, "the Secretary of Agriculture shall apportion the remainder of the appropriation for each fiscal year among the several States," one-third in the ratio which the area of each State bears to the total area of all the States; one-third in the ratio which the population of each State bears to the total population of all the States, and one-third in the ratio which the mileage of rural delivery routes and star routes in each State bears to the total mileage of rural delivery routes and star routes in all the States at the close of the next preceding fiscal year. "The Secretary of Agriculture and the State Highway Department of each State may jointly determine at what times, and in what amounts, payments, as work progresses, shall be made under this act, and payment of these amounts is to be made by the Secretary of the Treasury on warrants drawn by the Secretary of Agriculture. All road projects under this act are to be approved by the Secretary of Agriculture before they can be made a charge against the appropriations made by Congress, the act providing that he shall approve plans, specifications and estimates. The States or their subdivisions must maintain the roads built with Federal aid, for

the Secretary of Agriculture is authorized to withhold further such aid where maintenance is not properly carried on.

The Senate bill is a purely business measure. There are no politics in it, no sectionalism, no favoritism, or no partisanship. The conditions are plain and simple—ratio in area, in population, in mileage. Better than all this, however, is the provision that the building of good roads for postal purposes, which will be available for industrial and commercial purposes also, is to be a co-partnership matter between the Nation and the States. The United States will match dollars with the States. Under the conditions noted in the bill, the United States will pay a dollar to the States for the building of rural post roads for every dollar they spend for the same purpose; no more and no less. It is to be a "fifty-fifty" affair between the United States and the States. The States that pay nothing on their own account will get nothing, under the terms of the bill, and whatever the States do in road-building under this bill must be done under the supervision and with the approval of the Secretary of Agriculture.

There will be no attempt on the part of the Federal Government to interfere with the domestic affairs of the States—all that will be insisted upon is that if the States care to participate, they must participate under the terms of the bill.

The appropriations made by the act are not so large, possibly, as some of the advocates of good roads would desire; but quite as large doubtless as the States would care to make on their own account; and if the plan should work well, the passage of this act will be the first step towards the solution of the greatest economic question of the times, and will lead inevitably to other measures in the future.—Better Roads and Streets.

PROMINENT KENTUCKY WOMAN SPEAKS

Sloughville, Ky.—"I wish to tell you of the benefit Dr. Pierce's medicines have been to us. Several members of my family have taken either 'Golden Medical Discovery' or 'Favorite Prescription' and always with the very best of results. Three years ago my husband had a very severe skin trouble. He took six bottles of 'Golden Medical Discovery' which he procured from a local druggist, and was entirely cured.

"Two years ago I had nervous trouble, heart affections and severe pains in my head. I took two bottles of 'Favorite Prescription' and was relieved. I have taken it several times in the last few years and always with perfect results. I can recommend it to anyone as being all it is represented to be."—Mrs. S. P. COLLINGS, L. Box 112.

THAT WEAK BACK

Accompanied by pain here and there—extreme nervousness—sleeplessness—may be faint spells, chills or spasms—all are signals of distress for a woman. She may be growing from girlhood into womanhood—passing from womanhood to motherhood—or later suffering from that change into middle life which leaves so many wrecks of women. At any or all of these periods of a woman's life she should take a tonic and nerve-prescribed for just such cases by a physician of vast experience in the diseases of women.

Dr. Pierce's Favorite Prescription has successfully treated more cases in the past 50 years than any other known remedy. It can now be had in sugar-coated tablet form as well as in the liquid. Sold by medicine dealers or trial box by mail on receipt of 50 cents in stamps.

Dr. Pierce's Pleasant Pellets regulate stomach, liver and bowels—sugar-coated, tiny granules.

SWEDISH CRISIS AVERTED

Government Under Pressure, Modifies Its War Trade Bill.

Stockholm, April 22.—The threatened Cabinet crisis over the War Trade bill has been averted by an agreement which was accepted by all the parties after a consultation with the Cabinet. The firm attitude of the Liberals and Socialists compelled the government to considerably modify the bill, which was read Thursday.

The original bill sought to give the government arbitrary rights before parliamentary control re-

garding all arrangements for foreign trades and the transit of foreign goods through Sweden. It contained a provision that no person might enter into any sort of agreement with any foreign nation regarding goods unless the arrangement was first approved by the government.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good. I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without tiring me, and am doing my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of wonderful success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

ELEVEN DEAD, AND MANY HURT BY FIERCE TORNADES

Storms Sweep Central Portion Of Eastern Kansas and Western Missouri.

Kansas City, Mo., April 25.—Eleven persons were reported dead today and scores injured, several seriously, in a succession of tornadoes which swept thru the central portions of eastern Kansas and western Missouri last night. Property damage is believed to be heavy although accurate information was unavailable early today because of disabled telegraph and telephone service. The storm areas centered north of Topeka and in a line running from the southwestern corner of Wilson county in Kansas across the Missouri line into the border counties.

Six persons are reported dead and about fifty injured in Stover, Mo., with the town laid in ruins as the result of a tornado last night. A special train was sent to Eldon, Mo., to the relief of the stricken populace of Stover. Among other damages the railway station is said to have been blown across the track, blocking traffic.

The storm is also supposed to have struck near Jefferson City and California, Mo. Olean, six miles north of Eldon, was in the path of the storm and there are reports of many injuries there.

Learning the Auto.

I'm learning the automobile; as, trembling, I sit at the wheel, and steer her along, through the hurrying throng, how nervous and awkward I feel! I jolt people out of their lids, I run over chickens and kids; a spurt she will throw when I want to go slow, she scampers, skedaddles and skids, I swear, and I'm weak in the knees, when swift around corners she flees, she whimpers and whirs and she gurgles and purrs, and runs into fences and trees. My courage she constantly damps by running down bow-wows and tramps; she collided today with a big heavy dray, and busted her fenders and lamps. I drive her around for an hour, this engine of terrible power; whenever I stray, on my death-dealing way, of feathers and fur there's a shower. At night, when I go to my bed, fierce nightmares abide in my head; I dream my new truck is just running amuck, and leaving a windrow of dead. I run over chickens and goats, I run over roosters and shoats; and oft, in my dreams, do I rancously scream "My auto is feeling her oats?"—Walt Mason.

POWER PLANT AT EVANSVILLE IS AGAIN HIT BY LIGHTNING

Division Street Plant of Public Service Company Out of Commission.

Lightning again hit the Division street power house of the Public Service Company Thursday and put it out of commission cutting off light and power over the city.

A fire was started in the plant but it was quickly extinguished by the fire department. The damage from the fire was said to be slight, the principal loss being sustained to the equipment of the plant. The extent of the loss had not been estimated at noon.

The storm that resulted in the Division street plant being put out of commission, brought a thirty-two mile wind and forty-five hundredths of an inch of rain fell in forty minutes.—Evansville Courier.

And Still He is Missing.

Efforts made to locate the descendants and to finally learn what became of Private Adam N. Eve, United States marine corps, who deserted Jan. 13, 1811, from the command of Captain Anthony Gale at Philadelphia, have so far been unavailing.

"Probably he beat it back to the garden of Eden," facetiously wrote an Ohio Eve.

"Still raising Cain somewhere no doubt," replied a member of the Texas branch, who also disclaimed kinship with the original Adam.

"Growing apples in Oregon. I know him well," was the response from another Eve, who was probably mistaken.

And now the government agents directing the search are of the opinion that certain points in the interrupted military career of Private Adam N. Eve, United

States marine corps, must remain forever cloaked in mystery.—Case and Comment.

GERMAN INTERNED SHIPS IN U. S. ARE WORTH 100 MILLION

Hinted That in the Event of Trouble This Country Would Confiscate 68 Vessels.

Washington, April 24.—It has been hinted strongly many times that in the event of serious trouble between the United States and the Teutonic Powers, this country will be in a fortunate position for quick action in the field of confiscation. The activity of the British Navy has been responsible for the scudding to cover in American harbors of 68 German and Austrian vessels, valued at more than \$100,000,000. These ships, with gross tonnage of 527,298 and net of 303,299 tons, are interned mainly in New York, Boston and Baltimore, but there are several in Hilo and Honolulu harbors as well as at the less important ports of both continental coasts.

The largest is, of course, the huge Vaterland, 54,282 tons, which long has been moored in Upper New York harbor, where also are the 25,000-ton George Washington and the Kaiser Wilhelm II., President Lincoln and President Grant, each of more than 18,000 tons. Sixteen of the vessels are of more than 10,000 gross tons, all these belonging to the Hamburg-American and the North German Lloyd lines, in each of which the Hohenzollern royal family is said to be heavily interested financially.

The names of interned vessels—10,000 tons and over—follow:

Rumor Would Have Yuan Abdicate Chinese Throne.

Peking, April 24.—Japanese newspapers have printed a rumor that Yuan Shi Kai will shortly abdicate in favor of another person to be elected by

the Chinese public. This rumor has been copied in China by newspapers in treaty ports which are unfriendly to the Yuan Shi Kai administration, and has been stoutly denied by the government.

Japanese newspapers declare the uprisings in South China have embarrassed Yuan Shi Kai so seriously that it is necessary for him to make way for another person.

BLACKFORD

Our town is yet hopeful and business affairs are moving along smoothly.

Rev. E. F. Goodson, presiding elder of Henderson district, delivered an excellent sermon at the Methodist church here on Sunday, the 16th, inst.

Two of our enterprising young people Miss Della Scott and Mr. Francis Phelps, are attending the M. and F. Academy at Providence.

W. R. Litchfield, Mrs. M. B. Higginson, Effie Litchfield and Dr. J. L. Reynolds attended the district Conference of the M. E. Church which convened at Sturgis from April 11th to 13th. They report that Methodism is immense.

Our townsman, W. T. Perry, was called to Caneyville, Ky., on the 13th, inst. owing to the illness and death of his brother, John B. Perry.

Dr. T. A. Frazier, who formerly resided at this hamlet, but now hails from Marion, while enroute to the Dalton country to see his mother, spent a short time chatting with friends here last week.

Mrs. Emma Rushing, wife of Rev. J. T. Rushing, Presiding Elder of Owensboro District, visited her brother, B. H. Thurmond, during last week.

We observed in a recent item from Deanwood that a number of "good women" have purchased incubators. We are proud of all who avail themselves of the opportunity to buy something that will be of some benefit. Success to you.

A number of the male population of this "burg," attended the Webster Co. Circuit Court (as witnesses we presume) which "sat, ran or stood" at Dixon during the last two or three weeks.

Since our last communication the angel of death has visited two Webster county homes:—Joseph Black Phillips, who resided in east Blackford, died Sunday, April 16th, about four o'clock, a. m., after a brief illness of pneumonia. He was buried at the Phillips graveyard near Gladstone, Crittenden county Monday, April 17th. The funeral services were conducted by Rev. William T. Oakley, of Marion.

Pernicia Morrow Vaughn, wife of Abraham J. Vaughn, and one among the best women of Blackford, died Thursday, April 20th, about 7 o'clock, p. m., septicemia was the cause of her death. On Friday, April 21st, the funeral services were conducted by Rev. G. W. Dame, of DeKoven, were held at the Methodist church; after which the mortal remains were interred in the Blackford cemetery. The bereaved families have the sympathy of the entire community.

With best wishes for all things that are for the good of humanity, we close until we get ready to write again.

DEATHS

Andrew J. Vanhooser, 74 years old, a Confederate veteran, died at his home near Fredonia, in Caldwell county, Friday night, April 21st.

Mr. Vanhooser enlisted in the Confederate army in April, 1861, in Company H, 16th Tennessee infantry. He served to the close of the Civil War and was in some of the fiercest battles of the conflict, including the battles of Shiloh and Appomattox. He was with General Bragg in Kentucky in the battle at Perryville and in Tennessee at the battle of Chickamauga. He served with Gen. Joseph E. Johnson in his famous trip through the south, having been made a corporal. Though Mr. Vanhooser was in the thickest of the fighting and was in many of the hardest fought battles of the war. He came through the four years service without a wound. The burial service was held at the Roland Grave yard Saturday with appropriate ceremonies. Mr. Vanhooser was the father of fourteen children, seven of whom, with his wife survive him.

Mrs. Willie Garner Collins, of Wisconsin died at the home of her sister Mrs. Henry Turley, near Crider, Ky., Saturday evening, April 22nd, at 8 o'clock of tuberculosis of which she had suffered for some time. She came to Kentucky to visit her old home for a month but was taken down and never rallied. The funeral was preached at old Bethlehem church Monday at 1:30 o'clock and the interment immediately afterward in the Bethlehem cemetery, Rev. Price, of Fredonia, officiating, assisted by Rev. W. T. Oakley, of Marion. There were many beautiful floral offerings, attesting the love of her friends. The deceased was a daughter of Judge Alex Garner, who survives her. Her husband also survives. He arrived Sunday in time for the funeral and burial. She left two sisters, Mrs. Henry Turley and Mrs. Lawrence Wilson, and three half sisters. Two brothers also survive.

A Patriotic Creed.

Editor Jim Richardson, of the Glasgow Times, declares:

"We believe in our country—the United States of America. We believe in her Constitution, her laws, her institutions, and the principles for which it stands. We believe in her future—the past is secure. We believe in her vast resources, her great possibilities—yes, more, her wonderful certainties.

"We believe in the American people, their genius, their brain, and their brawn. We believe in their honesty, their integrity and

dependability. We believe that nothing can stand in the way of their commercial advancement and prosperity.

"We believe that what are termed 'times of business depression' are but periods of greater and more pronounced commercial successes.

"And we believe that in our country are being worked out great problems, the solution of which will be for the benefit of all mankind."

READ THIS CAREFULLY.

The great Metropolitan Life Insurance Co., through its local agent E. L. Harpending, is distributing a circular over the city which is most commendable and reads as follows:

The Metropolitan Life Insurance Company earnestly urges you to aid the Health Department in its City Cleaning Campaign.

WHAT YOU SHOULD DO.
See that all rubbish is removed from your cellar, back yard and areaway. Have it placed in suitable receptacles where the Street Cleaning Department can readily remove it.

Clear hallways of all obstructions.

Remove and clean all carpets and hangings for the summer.

Scrub floors, hallways and all unvarnished woodwork thoroughly. Use plenty of soap and hot water.

Clean all windows and keep them open to fresh air and sunlight.

Ventilate damp cellars.
Report all neighborhood nuisances, such as stagnant pools and ill-smelling refuse piles, to the Health Department.

Ask your landlord to repair leaky roofs and plumbing, and to repair dirty, broken walls and ceilings.

If there is a vacant lot adjoining your house see that it is cleaned of all decaying and refuse material.

AND REMEMBER that cheerful compliance with these suggestions, and with every other effort of the Health Department, will help to make your city a more healthful one to live in.

YOU SHOULD BE GLAD TO DO IT.

Longest Railroad Misses Marion Less Than Forty Miles.

The longest continuous train service route in the world will be the culmination of steps now being taken at Paducah, Ky., to connect the Nashville, Chattanooga & St. Louis Railway with the Burlington route, thereby forming a through service between Seattle, Washington and Jacksonville, Fla.

MOTOR CAR PRICES DROPPING STEADILY

But Cars of 1916 Model Have Improved In Quality at the Lower Figures.

MAXWELL AN EXAMPLE.

Cost \$95 Less and Are Beating Feats of Last Year's Car, A Champion.

The steady downward trend in the prices of popular makes of automobiles has been a feature which virtually every motorist has commented on this season. That this drop has not been accompanied by any falling off in quality of the cars has been established beyond question by the satisfactory way in which the new models have performed for their owners all over the country. Generally the 1916 cars are in looks and ability the superiors of the efficient models which featured last season.

Prominent in the list of moderate priced car reductions this year is the Maxwell, which last season produced a revolutionary quantity of \$750 touring cars. This year the company has reduced the list price to \$655 and has made this figure cover a car completely equipped with electric lights, electric starter, demountable rims, one-man type top, speedometer and dash adjusting carburetor, as well as over-size tires.

The new Maxwells, declares "Pay as you Ride" Stephens of T. H. Cochran & Co., local Max-distributors, have already eclipsed the feats of the former model which was itself a champion mountain climber and a most efficient type of automobile. Long trips have been recorded in which owners averaged better than 30 miles to a gallon of gasoline and 1000 miles or more to the quart of lubricating oil. The car is better finished and larger than last year.

POWER PLANT AT EVANSVILLE IS AGAIN HIT BY LIGHTNING

Division Street Plant of Public Service Company Out Of Commission.

Lightning again hit the Division street power house of the Public Service Company Thursday and put it out of commission cutting off light and power over the city.

A fire was started in the plant but it was quickly extinguished by the fire department. The damage from the fire was said to be slight, the principal loss being sustained to the equipment of the plant. The extent of the loss had not been estimated at noon.

The storm that resulted in the Division street plant being put out of commission, brought a thirty-two mile wind and forty-five hundredths of an inch of rain fell in forty minutes.—Evansville Courier.

HELP THE KIDNEYS

Marion Readers Are Learning The Way.

It's the little kidney ills—
The lame, weak or aching back—
The unnoticed urinary disorders—
That may lead to dropsy and Bright's disease.

When the kidneys are weak,
Help them with Doan's Kidney Pills.
A remedy especially for weak kidneys.

Doan's have been used in kidney troubles for fifty years.
Endorsed by 30,000 people—endorsed by citizens of this locality.

Monroe Davis, butcher, Earlington, Ky., says: "For quite awhile I had been afflicted with weak kidneys and my back ached intensely. Seeing Doan's Kidney Pills highly recommended I got some and four boxes cured me."

Price 50 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Davis had. Foster-Milburn Co. Props., Buffalo N.Y.

And Still He is Missing.

Efforts made to locate the descendants and to finally learn what became of Private Adam N. Eve, United States marine corps, who deserted Jan. 13, 1811, from the command of Captain Anthony Gale at Philadelphia, have so far been unavailing.

"Probably he beat it back to the garden of Eden," facetiously wrote an Ohio Eve.

"Still raising Cain somewhere no doubt," replied a member of the Texas branch, who also disclaimed kinship with the original Adam.

"Growing apples in Oregon. I know him well," was the response from another Eve, who was probably mistaken.

And now the government agents directing the search are of the opinion that certain points in the interrupted military career of Private Adam N. Eve, United

States marine corps, must remain forever cloaked in mystery.—Case and Comment.

GERMAN INTERNED SHIPS IN U. S. ARE WORTH 100 MILLION

Hinted That in the Event of Trouble This Country Would Confiscate 68 Vessels.

Washington, April 24.—It has been hinted strongly many times that in the event of serious trouble between the United States and the Teutonic Powers, this country will be in a fortunate position for quick action in the field of confiscation. The activity of the British Navy has been responsible for the scudding to cover in American harbors of 68 German and Austrian vessels, valued at more than \$100,000,000. These ships, with gross tonnage of 527,298 and net of 303,299 tons, are interned mainly in New York, Boston and Baltimore, but there are several in Hilo and Honolulu harbors as well as at the less important ports of both continental coasts.

The largest is, of course, the huge Vaterland, 54,282 tons, which long has been moored in Upper New York harbor, where also are the 25,000-ton George Washington and the Kaiser Wilhelm II., President Lincoln and President Grant, each of more than 18,000 tons. Sixteen of the vessels are of more than 10,000 gross tons, all these belonging to the Hamburg-American and the North German Lloyd lines, in each of which the Hohenzollern royal family is said to be heavily interested financially.

The names of interned vessels—10,000 tons and over—follow:

Steamer	Gross Tons.
Vaterland	54,282
George Washington	25,570
Amerika	22,622
Kronprinzessin Cecilie	19,503
President Lincoln	18,168
President Grant	18,072
Cincinnati	16,339
Pennsylvania	13,383
Grosser Kurfurst	13,102
Bulgaria	11,440
Barbarossa	10,984
Prinzess Irene	10,892
Frederich der Grosse	10,771

Rumor Would Have Yuan Abdicate Chinese Throne.

Peking, April 24.—Japanese newspapers have printed a rumor that Yuan Shi Kai will shortly abdicate in favor of another person to be elected by

the Chinese public. This rumor has been copied in China by newspapers in treaty ports which are unfriendly to the Yuan Shi Kai administration, and has been stoutly denied by the government.

Japanese newspapers declare the uprisings in South China have embarrassed Yuan Shi Kai so seriously that it is necessary for him to make way for another person.

BLACKFORD

Our town is yet hopeful and business affairs are moving along smoothly.

Rev. E. F. Goodson, presiding elder of Henderson district, delivered an excellent sermon at the Methodist church here on Sunday, the 16th, inst.

Two of our enterprising young people Miss Della Scott and Mr. Francis Phelps, are attending the M. and F. Academy at Providence.

W. R. Litchfield, Mrs. M. B. Higginson, Effie Litchfield and Dr. J. L. Reynolds attended the district Conference of the M. E. Church which convened at Sturgis from April 11th, to 13th. They report that Methodism is immense.

Our townsman, W. T. Perry, was called to Caneyville, Ky., on the 13th, inst. owing to the illness and death of his brother, John B. Perry.

Dr. T. A. Frazer, who formerly resided at this hamlet, but now hails from Marion, while enroute to the Dalton country to see his mother, spent a short time chatting with friends here last week.

Mrs. Emma Rushing, wife of Rev. J. T. Rushing, Presiding Elder of Owensboro District, visited her brother, B. H. Thurmond, during last week.

We observed in a recent item from Deamwood that a number of "good women" have purchased incubators. We are proud of all who avail themselves of the opportunity to buy something that will be of some benefit. Success to you.

A number of the male population of this "burg," attended the Webster Co., Circuit Court (as witnesses we presume) which "sat, ran or stood" at Dixon during the last two or three weeks.

Since our last communication the angel of death has visited two Webster county homes:—Joseph Black Phillips, who resided in east Blackford, died Sunday, April 16th, about four o'clock, a. m., after a brief illness of pneumonia. He was buried at the Phillips graveyard near Gladstone, Crittenden county Monday, April 17th. The funeral services were conducted by Rev. William T. Oakley, of Marion. Pernecia Morrow Vaughn, wife of Abraham J. Vaughn, and one among the best women of Blackford, died Thursday, April 20th, about 7 o'clock, p. m., septicemia was the cause of her death. On Friday, April 21st, the funeral services were conducted by Rev. G. W. Dame, of DeKoven, where which the mortal remains were interred in the Blackford cemetery. The bereaved families have the sympathy of the entire community.

With best wishes for all things that are for the good of humanity, we close until we get ready to write again.

—Puebla.

DEATHS

Andrew J. Vanhooser, 74 years old, a Confederate veteran, died at his home near Fredonia, in Caldwell county, Friday night, April 21st.

Mr. Vanhooser enlisted in the Confederate army in April, 1861, in Company H, 16th Tennessee infantry. He served to the close of the Civil War and was in some of the fiercest battles of the conflict, including the battles of Shiloh and Appomattox. He was with General Bragg in Kentucky in the battle at Perryville and in Tennessee at the battle of Chickamauga. He served with Gen. Joseph E. Johnson in his famous trip through the south, having been made a corporal. Though Mr. Vanhooser was in the thickest of the fighting and was in many of the hardest fought battles of the war. He came through the four years service without a wound. The burial service was held at the Roland Grave yard Saturday with appropriate ceremonies. Mr. Vanhooser was the father of fourteen children, seven of whom, with his wife survive him.

Mrs. Willie Garner Collins, of Wisconsin died at the home of her sister Mrs. Henry Turley, near Crider, Ky., Saturday evening, April 22nd, at 8 o'clock of tuberculosis of which she had suffered for some time. She came to Kentucky to visit her old home for a month but was taken down and never rallied. The funeral was preached at old Bethlehem church Monday at 1:30 o'clock and the interment immediately afterward in the Bethlehem cemetery, Rev. Price, of Fredonia, officiating, assisted by Rev. W. T. Oakley, of Marion. There were many beautiful floral offerings, attesting the love of her friends. The deceased was a daughter of Judge Alex. Garner, who survives her. Her husband also survives. He arrived Sunday in time for the funeral and burial. She left two sisters, Mrs. Henry Turley and Mrs. Lawrence Wilson, and three half sisters. Two brothers also survive.

A Patriotic Creed.

Editor Jim Richardson, of the Glasgow Times, declares:

"We believe in our country—the United States of America. We believe in her Constitution, her laws, her institutions, and the principles for which it stands. We believe in her future—the past is secure. We believe in her vast resources, her great possibilities—yes, more, her wonderful certainties.

"We believe in the American people, their genius, their brain, and their brawn. We believe in their honesty, their integrity and

dependability. We believe that nothing can stand in the way of their commercial advancement and prosperity.

"We believe that what are termed 'times of business depression' are but periods of greater and more pronounced commercial successes.

"And we believe that in our country are being worked out great problems, the solution of which will be for the benefit of all mankind."

READ THIS CAREFULLY.

The great Metropolitan Life Insurance Co., through its local agent E. L. Harpending, is distributing a circular over the city which is most commendable and reads as follows:

The Metropolitan Life Insurance Company earnestly urges you to aid the Health Department in its City Cleaning Campaign.

WHAT YOU SHOULD DO.

See that all rubbish is removed from your cellar, backyard and areaway. Have it placed in suitable receptacles where the Street Cleaning Department can readily remove it.

Clear hallways of all obstructions.

Remove and clean all carpets and hangings for the summer.

Scrub floors, hallways and all unvarnished woodwork thoroughly. Use plenty of soap and hot water.

Clean all windows and keep them open to fresh air and sunlight.

Ventilate damp cellars.

Report all neighborhood nuisances, such as stagnant pools and ill-smelling refuse piles, to the Health Department.

Ask your landlord to repair leaky roofs and plumbing, and to repair dirty, broken walls and ceilings.

If there is a vacant lot adjoining your house see that it is cleaned of all decaying and refuse material.

AND REMEMBER that cheerful compliance with these suggestions, and with every other effort of the Health Department, will help to make your city a more healthful one to live in.

YOU SHOULD BE GLAD TO DO IT.

Longest Railroad Misses Marion Less Than Forty Miles.

The longest continuous train service route in the world will be the culmination of steps now being taken at Paducah, Ky., to connect the Nashville, Chattanooga & St. Louis Railway with the Burlington route, thereby forming a through service between Seattle, Washington and Jacksonville, Fla.

This route will enable these roads and their connections to handle business from the great northwest to the southeast, and already traffic officials are working on a schedule which will be one of the fastest in the country, distance

considered.

This connection will be completed when the construction of the new \$6,000,000 bridge across the Ohio river at Metropolis, Ill., by the Paducah & Illinois Railroad Company, which company is owned and operated by the Burlington and the N. C. & St. L.—Philadelphia Ledger.

MOTOR CAR PRICES DROPPING STEADILY

But Cars of 1916 Model Have Improved In Quality at the Lower Figures.

MAXWELL AN EXAMPLE.

Cost \$95 Less and Are Beating Feats of Last Year's Car, A Champion.

The steady downward trend in the prices of popular makes of automobiles has been a feature which virtually every motorist has commented on this season. That this drop has not been accompanied by any falling off in quality of the cars has been established beyond question by the satisfactory way in which the new models have performed for their owners all over the country. Generally the 1916 cars are in looks and ability the superiors of the efficient models which featured last season.

Prominent in the list of moderate priced car reductions this year is the Maxwell, which last season produced a revolutionary quantity of \$750 touring cars. This year the company has reduced the list price to \$655 and has made this figure cover a car completely equipped with electric lights, electric starter, demountable rims, one-man type top, speedometer and dash adjusting carburetor, as well as over-size tires.
